Networking Academy

Certificate of Course Completion

Maryam Rehan

has successfully achieved student level credential for completing the **Networking Basics** course.

The student was able to proficiently:

- Explain important concepts in network communication, network types, components, and connections.
- Explain the importance of standards and protocols in network communications.
- Explain how communication occurs on Ethernet networks.
- Explain the features of an IP address and IPv4 addresses are used in network communication.
- Explain features of IPv6 addressing.
- Explain how routers connect networks together.
- Use various tools to test and troubleshoot network connectivity.
- Configure an integrated wireless router and wireless client to connect securely to the internet.

Scan to Verify

Lynn Bloomer
Director, Cisco Networking Academy

Issued on: Nov 05, 2026

"I have successfully completed the Cisco Networking Basics course with a score of 86%. Attached is my official Certificate of Completion, along with my verified Credly badge link for reference."
